### Key Responsibilities

- Lead and oversee the Saskatchewan Alpine High-Performance Team, ensuring alignment with Alpine Canada's Long-Term Athlete Development model.
  - Design and implement annual training and competition plans, including dryland, on-snow, and camp programs.
  - Mentor and provide technical guidance to coaches across the province, with a focus on ongoing coach development and certification.
  - Collaborate with local clubs to support athlete identification, recruitment, and progression from grassroots to elite levels (FIS, CWG, and national competitions).
  - Work closely with Saskatchewan Alpine's Athletic Manager to plan calendars, travel, training camps and race support.
  - Work with the Board to develop and execute strategic goals for the High-Performance stream and team selection.
  - Represent Alpine Saskatchewan at inter-provincial collaborative events.
  - Maintain strong communication and relationships with athletes, families, club leaders, officials, and external stakeholders.
-

## Qualifications

- Performance-Level (PL Certified) Coach. Saskatchewan Alpine will support a DL Certified/ PL trained coach willing to commit to being PL certified by April 2026.
- Minimum 5 years of coaching experience in alpine ski racing, with a strong background in athlete development and program leadership.
- Knowledge of Para Alpine skiing classification.
- Proven ability to plan, deliver, and evaluate high-performance programs.
- Strong leadership, communication, and organizational skills.
- Experience with provincial or national-level competitions is a strong asset.
- Must reside in Saskatchewan or be willing to relocate as a condition of employment.
- Valid driver's license and willingness to travel regularly throughout the province and beyond.
